The Belgian watch designer Ronald Steffen was born in Zug, near the heart of the Swiss watch industry. He studied photography and graphic design at the Royal Academy of Antwerp, Belgium.

He is also the founder of the exclusive Swiss made brand STEFFEN (WWW.STEFFEN.BE).

Passionate about aviation and specifically military aircraft, he designed the unique RSC (Ronald Steffen Creations) collection, with the aura of these nostalgic times.

The result is this unique watch collection, designed with an eye for detail. The back of the watches are engraved with a beautiful etching of the airplane and presented in an original RSC watchbox.

You can find the complete RSC collection and shops on:

## SUPERMARINE SPITFIRE

The Spitfire is the most famous plane of World War Two. Its groundbreaking design and superior specifications gave the British a decisive advantage fighting the Luftwaffe in the Battle of Britain.

But early models were often cruelly exposed in head-to-head duels with the enemy. It was only after multiple improvements that the Spitfire's winning combination of speed, manoeuvrability and firepower turned it into a formidable fighting machine and a much loved British icon.

## THE MOVIE

SPITFIRE is a cinematic, epic, sweeping tale of determination, vision and courage. It is the story of an aeroplane that was forged in competition, shaped as the war clouds gathered, and refined in the white heat of combat – going on to become the most famous fighter plane ever made. Credited with changing the course of world history, this is the story of the Spitfire – told personally in the words of the last-surviving combat veterans.

With breath-taking aerial footage from the world's top aviation photographer John Dibbs and directed by David Fairhead and Ant Palmer.
